## WHAT WE WANT TO ACHIEVE?

Phase	Objective Description	Quantity	Amount
Phase 01 →	Free of cost distribution of wheelchairs	10,000	12,000 per wheelchair
Phase 02 →	Bring world class life-saving cancer equipment to Pakistan (PSMA PET Scan)	01	35 crore per machine (excluding shipping, handling & custom charges)

## HOW WE STARTED...

- ➔ In February 2021, seeing the shortage of wheelchairs and injured people not wanting to go to the hospital during COVID-19.
- ➔ DGF President Tara Uzra Dawood decided she would Bismillah the project by donating the first wheelchairs and in order to scale, she placed a call on her Facebook page that if any friend donated a wheelchair, she would personally match it.
- ➔ We were amazed by the response and the speed at which people not only wanted to contribute and engage, but the stories people shared – even celebrities and politicians - of their own struggles when they were injured. And of course the stories of deserving people in need, who were trapped in their homes, unable to move without being lifted by someone else. A life truly of no freedom.
- ➔ Thereafter, we aligned with public sector and corporates such as OGDCL, Dubai Islamic Bank, TRG, Afiniti and Bank Islami, as well as Pakistan Customs.
- ➔ This resulting in ability to distribute 326 wheelchairs to date to Darul Sakoon, Civil Hospital Hyderabad, SIUT Karachi, and many individuals.
- ➔ Meezan Bank and Shell Pakistan has just pledged.
