In February 2021, seeing the shortage of wheelchairs and injured people not wanting to go to the hospital during COVID-19.

DGF President Tara Uzra Dawood decided she would Bismillah the project by donating the first wheelchairs and in order to scale, she placed a call on her Facebook page that if any friend donated a wheelchair, she would personally match it.

We were amazed by the response and the speed at which people not only wanted to contribute and engage, but the stories people shared – even celebrities and politicians - of their own struggles when they were injured. And of course the stories of deserving people in need, who were trapped in their homes, unable to move without being lifted by someone else. A life truly of no freedom.

Thereafter, we aligned with public sector and corporates such as OGDCL, Dubai Islamic Bank, TRG, Afiniti and Bank Islami, as well as Pakistan Customs.

This resulting in ability to distribute 326 wheelchairs to date to Darul Sakoon, Civil Hospital Hyderabad, SIUT Karachi, and many individuals.

Meezan Bank and Shell Pakistan has just pledged.

WHY PARTNER WITH US

- We understand the need
- We avoid duplication
- We have options of hospitals or individuals
- While you do what you do best ... i.e. Banking ... we will do what we do best... make sure the right people and hospitals receive these wheelchairs.
- We inspect each and every chair.
- We add your brand name (optional) to each chair.
- You and/or your representative(s) are invited to the handover. Invitations will also be given to the State Bank of Pakistan and its representative(s).
- We send you a proper documented, impact report.
- We monitor the wheelchairs months after the handover to cross check condition and quality.
- We are tax exempt and qualify for your CSR/charity monies.
HOW IS THE DONATION BEING MONITORED?

Pre-requisite process for donation?

- The management team confirmed CNIC number as a part of verification.
- Complete details were checked to avoid duplication and effective delivery.
- All the applications were facilitated and were assured immediate delivery of the wheelchairs at their doorstep.
- The Core team worked round the clock and supervised the things to do from day one.
- They now not solely supervises the buying and delivery to the warehouse. However also oversaw the well-timed packaging and delivery at the dedicated timeline.
- The Delivery control group first received all the functions and gathered data. After records analysis, they verified the purposes and eliminate the duplication.
